A high-altitude mountain landscape. In the foreground, there are steep, rocky slopes with patches of snow. A prominent, dark, jagged rock formation rises on the left. The middle ground shows a series of ridges and valleys, some covered in snow and others in reddish-brown rock. In the background, a range of snow-capped mountains is visible under a bright blue sky with scattered white clouds. The overall scene is rugged and alpine.

Twin Peaks & the Hurricane Divide (2900 m.),

A high-altitude mountain landscape. In the foreground, a snow-covered ridge with scattered dark rocks and small evergreen trees slopes down. The snow appears thick and somewhat uneven. In the background, a vast, deep valley stretches out, filled with a patchwork of green fields, small clusters of trees, and distant settlements. The valley is surrounded by rolling hills and mountains under a clear sky. The overall scene is one of a remote, mountainous region.
